Heritage Services

Yamatji Marlpa Aboriginal Corporation (YMAC) offers a range of heritage services for native title groups in Western Australia. We bring over 15 years experience working with Aboriginal groups throughout the Pilbara and Mid West.

Our in-house team of anthropologists, archaeologists, geospatial experts and heritage officers provide professional and culturally appropriate expertise relating to all aspects of heritage protection. This includes advice for groups considering managing their own heritage services in the future.

We can also work with you to develop tailored cultural and environmental heritage projects on your country.
